Dated, 14th April, 39.

Hyderabad, Deccan.

Dear Mr. Jinnah,

I am sorry for the disappointment that I caused you for not being present at the lunch as I left Delhi on Tuesday morning instead of the evening, owing to an alteration in my programme, for which I beg my apology and request you to convey the same to Miss Jinnah.

With a view to your very important instructions given to me I shall try to put them into execution as soon as Sir Akbar would be back to Hyderabad after the Hydri Committee deliberations. In time I shall be able to inform you the results of the talk and Sir Akbar's intention of getting two of our champions into confedence.

I need scarcely lay stress upon your visit to Sholapur. A large number of Hyderabad will pour in from all parts of the county to attend the session and to have the honour and

pleasure of listening to your speech. I think you would not like to disappoint my countrymen at such an occasion.

Though last but not the least I should like to remind you of your promise of sending me of your photograph with your signature. Please send the same at your earliest as I am anxiously waiting for it.
